

This series is an authentic vein cut travertine replication. With 24 unique faces, this series captures the true beauty of natural stone, without any of the issues.

Featuring a mica embedded surface and incorporating our Tech grip technology, this tile transitions seamlessly from the front door to the pool all in one surface.

This is also available in our brand new 3D Honed finish. This surface has all the feel and contours of natural stone, with superior stain resistance and ease of cleaning, this product is perfect for anyone wanting to add a soft and luxurious feel to their project

This range is currently available in 2 Colours Beige and Bianco and 3 sizes – 30x60, 60x60 & 60x120
